Congratulations on your retirement !

Barbara A. Renzoni
Superintendent-Director

Barbara A. Renzoni has been an educator for 32 years. Mrs. Renzoni began her career as an elementary teacher and moved to administrative positions after receiving her MBA. She came to Tri-County in 1996 from Worcester Vocational where she had served as that school's Business Manager. Mrs. Renzoni was the Academic Coordinator at Tri-County for 6 years prior to being appointed as the Principal in 2002 . In 2006 Mrs. Renzoni was named Superintendent-Director, a position she held for five years. Mrs. Renzoni was a guiding force behind the establishment of several important initiatives such as the Homework Center, Senior Project, Summer Academy, and Community Service Learning. We would like to thank Mrs. Renzoni for her commitment to Tri-County, her work to raise standards, and most importantly for placing the students first. We wish Mrs. Renzoni a happy and enjoyable retirement.

Let us take the opportunity to say
We will miss you
as you go on your way,
So goodbye to our dear teacher,
friend and mentor,
Your future awaits - with you - its inventor.

Class Advisor's Message

To the Class of 2011,

"'To get something you never had, you have to do something you never did."

We are sure that when many of you entered Tri-County as timid freshmen back in September of 2007 you could not begin to dream about some of the things that you would do during your time at Tri-County. From making presentations in front of your class, to working with power tools in the different exploratory programs to competing with SkillsUSA or finishing that Senior Project who would have believed it???? Yet, here we are at the end of your high school career.

Even now that you have graduated, you are still part of Tri-County. You will always be a member of the Class of 2011. Take what you have learned here, and go out and do great things. Whether it be with skills from your trade in the work place; academic knowledge that you take to an institution of higher learning; or a combination of the two that you will utilize during your time serving our great nation, in the armed forces; do something you never thought possible.

It was a pleasure to spend time with you as your class advisers. We were there to watch you grow and mature and come together as a class. We were able to see you take the words of Bob Marley on your class t-shirt and, "wake up and live." It was a great transformation, and we were glad to be able to witness it. Good luck and best wishes to all of you. You were an extraordinary class, who won't soon be forgotten. In the words of Little Orphan Annie, "How lucky I am to have something that makes saying goodbye so hard."

With affection,

Mr. King
Mrs. Grace

Class Officer's Message

To the Class of 2011,

As we leave the security of Tri-County's halls and enter the unknown, we take a look back at our amazing four years. It hasn't been easy, but needless to say, we made it! We forged bonds with one another, and through them, we have learned the true meaning of friendship. We have shared laughs, tears, hugs, moments of joy and moments of despair, all of which have shaped us into fun-loving friends and strong individuals.

Tri-County has provided us with the necessary skills, both professional and interpersonal, to succeed in any and all of our future endeavors. Some of us are headed off to school, others are joining the armed forces, and there are those of us who are going straight into the workforce; regardless of our plans, we are prepared to take on what the world has in store for us because we will uphold the lessons we have learned at Tri-County.

Helen Keller once said, "Life is either a daring adventure or nothing." As a class, we have made our time at Tri-County an adventure through the actions and decisions that we have made. Now, it is time for us to go our separate ways and take on life, whatever way it chooses to come at us. As we graduate from the halls of Tri-County, we leave you with this thought, what will you live for?

Congratulations!
Best Regards,

Will Da Silva, *President*
Caitlin Isom, *Vice President*
Kath Bukis, *Secretary*
Caitlin Fontneau, *Treasurer*

My best memories were in music class/music club. It introduced me to the talent show. It also introduced me to the love of my life, who I've been with for 2 years. I always loved playing music for my school. It brought me together with a lot of people through high school. The talent show gave me a chance to show the real me to everyone at school. It was a way to express myself. Having the whole school clap for me and loving what I did, it was the best feeling in high school. I will never forget.

all the time. I stayed on top of my grades and had a lot of good grades. I played softball and I ran track. I started my first job my freshman year. And I worked there until my senior year. I went to my junior and senior prom. And I also had great times in shop. And the friends I made, I'm still friends with a lot of them.

End of the year field trips in shop. Placement bus rides junior year. Lock down drills were always fun when you have people bombarding doors and yelling at you. The yearly spirit weeks leading up to the crazy pep rallies. Getting a co-op job senior year. Not to mention trying to get senior project done. Met some people, had some laughs, and made some long lasting friendships. In the long run, graduating high school just closes another chapter in my life, and starting a new one.

Hunter Birdsall

My best memory form high school would be from Freshman year. Always hanging out with Nicole Doucette, we use to always have fires. And rock miles' shorts. When Nicole and I were standing on a log rocking back and forth then we fell on the ground. And the first time we went to his house we were scared of his dad, so we would never go into his house. (:

High school has been such a crazy adventure. I've met so many people and made so many friends. Each year has been unique in its self. Each year has ended in great summers. It's weird how one summer can change everything about a person, bringing them closer to the ones they care about the most. Through a very strong friendship, a very strong relationship is formed, one that means everything to me,. It was because I chose TC that all this happened. I'm glad to have attended TC and I wouldn't change it for the world.

These past four years have been the greatest journey of my life. All the shop memories were the best =) Field trips to class trips were amazing. Through these 4 years, I have realized who are my true friends, they have never left my side. Shannon, Lauren, Robin, Rose, you girls are the best. I'm going to miss Culinary the most, it was the best family to be with, I'll miss you guys. Life's a climb, but the view is great. Class of 2011 Raise He11.

Some of the best memories I've had in high school are from the lunch table I sat at in junior year. I sat with a lot of close friends and we talked about all kinds of crazy things. Shop has been interesting with our two personality filled instructors, Mrs. Zogalis and Mr. Wallace, and they have been helpful and humorous teachers. I also have had some awesome teachers through the years. Mrs. Sibilia, a very energetic teacher, Mr. LaPlante, who is very insightful, and Mrs. Grace, who put up with me three years in a row and kept me on track.

My most fond memories are Junior year and senior year. All of the funny times I had in shop with my shop buddies, all of the funny moments in class and shop in general. All of the goals and ambitions I had and all accomplishments achieved. All awards and completions of goals. Of course bad things too but I try not to and try to focus on the good ones. Also all the projects and tips, tricks, and skills taught and done in shop. Definetly an interesting four years and have had a heck of an experience in my years here, especially all my friends and shop mates.

Spending a lot of time reading, hanging out with great friends, and eating- I am the kind of person who can remember the best memories of blasting music in cars, singing and dancing with friends and watching as my high school years disappear. I want to thank the friends I made throughout my highschool years and remind them that they will always be remembered. Culinary Arts also brings a big part of my high school career becuase I love it with a passion and eating happens to be one of my favorite things to do. :) peace, love happiness, and of course eating. haha

I made my experience at Tri-County as best as I possibly could even though I had some bumps in the road along the way everything got worked out with help. But overall I had some pretty good memories in shop, the past couple years on the bus with my friend Emily Ericson, and some pretty good times in general at Tri. During summer academy we went to an Imax theater and Jen Buchanon and I had a popcorn fight just for fun.
